WORK & LEADERSHIP EXPERIENCE

BPA

Business Professionals of America

Mission/Dallas, Texas

Fall 2018- Fall 2020

- Performed in Economic Research where we studied hands on the fundamental basis of different economies and why it is certain economies work the way they do.
- Analyzed systems implemented all over the world in order to gain further knowledge on how we can better the U.S. economy.
- Enhanced people skills through hands-on field experience and developed a better understanding of the economy, businesses and the operations that make up economies.
- Learned and implemented the tools that Excel and Power point hold to predict, optimize, communicate, and organize live information.
- Developed a strong work ethic from working and studying 10-hour days in preparing for this competition.

Clara Artwork Photography

Assistant

McAllen, Texas

Spring 2021

- Balanced a part-time job as a full-time High school student where I learned the importance of time management and organizing someone else's work.

Ludo Play

Head Assistant

McAllen, Texas

Fall 2020 / Spring 2021

- Responsible for parents and children safety as well as ensuring that their time at Ludo Play went about smoothly.
- Became proficient in calmly handling high stress situations to keep others at ease and to do my job diligently regardless of external factors.
- Consistently communicated safety protocols in both English and Spanish

Sharyland High School

Student Ambassador

McAllen, Texas

2015 - 2017

- Worked with the Sharyland ISD school board to pinpoint school-wide and city problems from my student point of view and follow that with solutions that could possibly be implemented thereafter.
- I came to the solution that we should have a single, centralized platform of communication between students and teachers, because each teacher was choosing their own, which was inefficient and caused unnecessary confusion.
- My team and I brought forth new ways to advertise the school and raise the money needed for our clubs that involved advertising more on social media and new ways to implement the resources that we already had.

ORGANIZATIONS

Hispanic Network

Member

College Station, Texas

Present

- Became part of a network of advocates and support groups for the Hispanic concerns that arise within our A&M community and strive to enhance their experience as well as quality of life while at college.
